## **Disposable Boiler Suit**

Available in L, XL & XXL.

## **HOW TO...**

### **Keep It Clean**

- Preparation is key - mask or cover anything you don't want painted.
- Make sure your brushes are in good condition - you don't want to be picking loose bristles from your new paint job!
- Use the right paint for the job - look for gel based paints for ceilings or anywhere else that might be prone to drips.
- Clean up as much as you can before the paint dries - it's easier than scraping!

**You'll find everything you need to brighten up your home and garden in your local ARRO store.**

## Get Smart!

Did you know that you can now use your smartphone or tablet to choose your colour scheme before you even set foot in an ARRO store? Two of Ireland's leading paint brands, Dulux and Crown have brought out apps to help you decide on the look that's right for your home.

Crown Paints' "MyRoomPainter" and Dulux's "Visualizer" can help you see what your room looks like in whatever colour you can think of - and even suggest colour schemes and paint products to make your dream room a reality.

Both apps are available now from the Apple App Store and from Google Play.

## HOW TO...

### Paint Outdoors

- Watch the weather - a lot of paints need a few days of dry weather to cure correctly.
- Make sure your surfaces are clean, dry and free from loose bits before you begin.
- As with most paint jobs, start at the top and work down to avoid drips.
- Clean as you go - if only so you don't have a giant mess to clean up after you've finished!

**FROM

## Polyfilla Range

Easily repairs damaged plaster. Easier to apply & smooth out than ordinary plaster. Light consistency – will not slump, shrink or crack & has strong adhesion.

## HOW TO...

### Fix That Hole In Your Wall!

- Preparation is everything. Make sure your surface is clean & dry and you've removed any loose bits of old plaster.
- Make sure you have the right tools - you'll want a clean putty knife, a cloth, several grades of sandpaper, some gloves and a dust mask. Your local ARRO store should have it all.
- Put a little filler on your putty knife and fill all of the holes and even out any imperfections you see. You're aiming for flat rather than smooth at this point.
- Once it's dried and cured, sand the area until it's smooth - starting with the coarsest and working your way down. Don't forget your dust mask!
- Once that's done - you're ready to paint!

You'll find everything you need to brighten up your home and garden in your local ARRO store.
